

## 6 MOST POPULAR INJECTION MOLDING PLASTICS

Xcentric has more than 40 resins in stock that you can choose from with a wide variety of industry applications. These are our customers' top picks.

**1**

**NYLON**

Cost-strength ratio, temperature, chemical, abrasion resistance

**2**

**POLYPROPYLENE**

Cost-strength ratio

**3**

**ABS**

Impact resistance, toughness, rigidity

**4**

**PC ABS**

Impact resistance, toughness, rigidity, UV light color stability

**5**

**POLYCARBONATE**

Strength, optical clarity, purity

**6**

**POLYETHYLENE**

Lubricity, processability, chemical resistance
